

# Check Active Tasks

You can also check the active tasks of your team members regardless of projects

To check the active tasks of any team member, Just Click the "Projects" from sidebar menu. You will see the projects of the company. Click on "Active Tasks" tab.

The screenshot shows a web application interface for managing tasks. At the top, there is a breadcrumb trail: "Home > Projects". Below this, the main content area is titled "PROJECTS". There are two tabs: "Projects" and "Active Tasks", with "Active Tasks" being the active tab. Under the "Active Tasks" tab, there is a section titled "Tasks by Employee". Below this, there is a dropdown menu labeled "Select Employee:" with "Alex Williams" selected. Below the dropdown is a table with the following columns: "ID", "Task Title", "Project", "Due Date", and "Actions". The table contains one row with the following data: ID: 83, Task Title: New Task, Project: Demo Project, Due Date: No due date, and Actions: Edit (pencil icon) and Delete (trash icon).

ID	Task Title	Project	Due Date	Actions
83	New Task	Demo Project	No due date	<a href="#">Edit</a> <a href="#">Delete</a>

Here you will see all of your active tasks.

You can choose the employee from the dropdown to see any other user's active tasks
